PERSONAL SKILLS

Team Work

Adaptable / Responsible

Capacity to work under pressure

ABOUT ME

I am a <u>video games programmer</u> with a big passion for playing and creating games who want to accomplish one of his dreams: Being able to be part of the video games industry through the use of my knowledge obtained during these years and combining it with other experienced people to create new worlds. I am mainly interested in the field of <u>gameplay</u>. However, I also love the areas of <u>AI</u>, <u>UI</u> and others more uncommon such as musical programming aspects. <u>Permission to work in EU and willing to relocate if required</u>.

EXPERIENCE

GAME PROGRAMMER

Infinite Games Studio / Jan 2017 – Dec 2017
